FROM THE PASTOR'S PEN

We each face challenges and decisions every day that color the way we live in this world and its very easy for us to see where others are doing wrong or making mistakes but very hard "to first take the log out of our own eye".

We've all heard it said, "I may not always be right but I'm never wrong!" Is being right more important than being good? Is getting our own way better than abiding by the rules?

Many situations don't even have a right or wrong, only choosing between doing something or doing nothing. Whether it's a question of buying those \$100 jeans that are oh so-o-o stylish or that newest model of power tool or making a donation to charity; listening to a friend with a problem or tuning them out; or even helping some older or handicapped person load their groceries in the car or letting them struggle along on their own.

There are ways of facing challenges and making decisions that can benefit all involved. We just have to be willing to try them:

- T ruly listen and don't interrupt.
- H elp where you can lend a hand.
- I nsist on a conflict resolution both parties can accept.
- N ever open your mouth before your brain is in gear.
- K now that kindness reaps its own reward.

Peace and Grace,
 Brother Paul

CONGRATULATIONS

To the Faithful Disciples of Aldersgate, Congratulations for a superb job in remembering others with your VBS activity of filling flood buckets. Your theme, "We Are One in Christ", taken from I Corinthians 12:12-26, was very fitting. The kingdom of God is here on earth and you are a beautiful representation! God's blessings for continued successful ministry!

Grace & Peace,
 Cynthia Davis
 District Superintendent

Congratulations and kudos to William E. Gabriel, who graduated from the University of Memphis, summer session, with a Bachelor of Science in Biology. He now plans to go into the Peace Corps. Way to go, William!

WORK DAY PLANNED OCT. 1

Gotta' brush: scrub, paint or tooth? How 'bout a towel: paper or cloth? Screwdriver, hammer, rake or wrench? There's something for everyone to do on Saturday, October 1, from 9 to 2, to spruce things up around the church. Everyone is invited. It is time to work your magic on the church and grounds! Many hands make light work and much more fun, as well. See you on the 1st!

CREATION CARE

Styrofoam is forever! It is not bio-degradable. Every year, in America alone, we use enough styrofoam cups to circle the earth 436 times. And what of those take-out containers, foam plates and bowls and packaging materials, etc., that add up to 1,400 TONS, that's 3 million pounds, put in landfills annually? While styrofoam/polystyrene products have their uses in the building and other industries, lets stay away from them for our coffee and sodas, snacks, take-home foods and picnics. Paper is eco-friendly, recyclable and bio-degradable.

GOING PLACES

A slide presentation of the 2012 tours by Collette Vacations will be given Monday, Oct. 17 at 10 a.m. in the Fellowship Hall. We will also have the schedule of bus tours for next year. Please come and bring a friend.
